PART I - Frequently Asked Questions

Which classes earn High School Credits? High school credit courses do not count toward your student's high school grade point average (GPA). The grade will be recorded on your student's high school transcript, but it will not count toward GPA. **Note exceptions***

Grade level	Course name
7 th grade only	Touch System Data Entry (TSDATAE)
8 th grade only	Spanish I, Fundamentals of Computer Science, Cyber Citizenship
7 th or 8 th grade	Professional Communications, Spanish II Adv*, Spanish III Adv*, Principles of Law, Principles of Applied Engineering
Math	Algebra I Adv *, Geometry Adv *

* High school Advanced level courses (**Algebra I Adv, Geometry Adv, Spanish II Adv, Spanish III Adv**) are exceptions; these classes WILL count toward your student's high school GPA.

Does a student have to be in the Athletics class to play a sport?

This will depend on the sport. Students must have a physical on file to participate in the athletics class or in any sport.

Do all 7th grade students have to sign up for Touch System Data Entry and Health?

Yes, all 7th grade students must sign up for Touch System Data Entry (TSDATAE) and Health. If a student takes TSDATAE and/or Health in the summer before 7th grade or via correspondence, alternate electives will be scheduled.

Do all 8th grade students have to sign up for Cyber Citizenship?

Yes, all 8th grade students must sign up for Cyber Citizenship. If they take Cyber Citizenship in summer school, an alternate elective will be scheduled.

Can a student take Musical Fine Arts and Athletics at the same time?

Yes. Musical Fine Arts include Band, Orchestra, or Choir

Which classes are available in summer school through CSISD?

Touch Systems Data Entry and Health (7th graders only), Cyber Citizenship (8th graders only). CSISD summer school registration typically begins in April (fee required).

Can a student take a Music Fine Arts, Athletics, and another full year elective at the same time?

Yes, but the student MUST complete each of the following:

1. Take Touch Systems Data Entry in the summer between 6th grade and 7th grade through CSISD summer school or via Texas Tech Correspondence.
2. Take Health in the summer between 6th and 7th grade via CSISD summer school.
3. Take Cyber Citizenship in the summer between 7th and 8th grade via CSISD summer school.

Can a student take Part I and Part II of a class the same year?

No. For example, Art I and Art II can not be taken during the same academic year.

7th grade Advanced classes:

All 6th grade students meeting advanced class criteria will be considered for advanced classes as a 7th grader.

Advanced 7th Grade Math: To enter this course, students must meet district criteria which includes an average of 90 or above for the 1st - 4th six weeks in the 6th grade advanced math course and score at the 80th percentile or higher on the Winter *MAP Growth Math Assessment*. All students who take 7th grade advanced math will be required to take the 8th grade STAAR Math test.

Please Note: Students who do not receive at least “Approaches” on the Grade 6 Math STAAR will be registered for on-level Grade 7 Math courses even if they meet the criteria above.

Advanced English: All 6th grade students meeting Advanced English criteria will be considered for advanced classes as a 7th grader.

8th grade advanced classes:

Algebra I Advanced: Students interested in participating in Algebra I Adv must have participated in 7th grade advanced math, have an average of 85 or above for the 1st - 4th six weeks and score at the 80th percentile or higher on the Winter *MAP Growth Math Assessment*. A signed course commitment form is required to be on file.

Please Note: Students who do not receive at least “Approaches” on the Grade 8 STAAR will be registered for the on-level Grade 8 Math courses even if they meet the criteria above.

Advanced English: All 7th grade students meeting Advanced English criteria will be considered for advanced classes as an 8th grader.

PART II - ENROLLMENT INFORMATION

ENROLLMENT INFORMATION

This material has been compiled to assist students and parents in planning course selections for grades seven and eight. The required courses are listed below. A wide range of elective courses are also offered. A description of each course is included in this document. This course information should prove helpful to you, but please feel free to contact the counselor at your school should you have any questions.

COURSE REQUIREMENTS

Course requirements mandated by the Texas Education Agency are reflected in the courses listed below. **Elective course offerings may vary depending on student interest and enrollment.**

Based on the provisions outlined by the State of Texas and/or CSISD, students shall be enrolled in 14 units during 7th and 8th grade including the following:

English/Language Arts (2 units)	Touch System Data Entry (½ unit)
Mathematics (2 units)	Cyber Citizenship (½ unit)
Science I (1 unit)	PE (1 unit)*
Science II (1 unit)	*Athletics will substitute
Texas History (1 unit)	Health (½ unit)
U.S. History (1 unit)	Electives (to fill schedule)

MINIMUM CLASS SIZE FOR ELECTIVE COURSES

Elective courses listed in the Course Selection Guide will be scheduled during the following school year provided a minimum of 15 students preregister for the course. If preregistration exceeds the 15 student minimum, then drops below 15 prior to final scheduling, the course will be dropped.

CLASSES WITH LIMITED ENROLLMENT

In certain classes, enrollment must be limited because of facilities and/or equipment. Students will be scheduled into their alternate choices if space is not available in their first choice class.

ALTERNATE SELECTIONS/ELECTIVES

Students must select alternate electives in order to ensure a complete schedule. Every attempt will be made to honor students' first choices; but due to physical limitations, maximum class sizes may need to be imposed. If an alternate course is not selected, the counselor's office will select one for the student.

SCHEDULE CHANGES

Course selections during preregistration are considered final. Any request for a change in course requests after spring preregistration must be made in writing to the counselor no later than June 1st. Once classes have started, students are expected to stay in the courses they have selected. Changes are only made based upon approval and availability.

CREDIT BY EXAM INFORMATION

Credit by exam (CBE) testing is available to a student for academic subjects in which the student has received no prior instruction. These exams are free of charge and given only during specific dates. The district does not conduct CBE testing at any time other than those dates. Application and more information may be obtained at csisd.org. Once you are at csisd.org, you can search for “Credit by Exam” in the search bar at the top right for the specific webpage.

STATE OF TEXAS ASSESSMENT OF ACADEMIC READINESS (STAAR)

The STAAR test is given to all middle school students. Mathematics and reading are tested at grade seven. Mathematics, reading, science, and social studies are tested at grade eight. Students in Advanced Math 7 will take the 8th grade STAAR Math test. Students taking a high school level math course in middle school must take the corresponding STAAR End Of Course exam. Eighth graders are required to pass the math and reading portions of the STAAR test for grade promotion. *Subject to change by the Texas Education Agency.*

END OF COURSE EXAMS (EOCS)

During the summer of 2013, House Bill 5 (HB 5) requires end-of-course assessment instruments for secondary-level courses in Algebra I, Biology, English I, English II, and United States History (does not apply to 8th grade US History).

The purpose of the end-of-course (EOC) assessments is to measure students’ academic performance in core high school courses and to become part of the graduation requirements. Middle school students who take Algebra will participate in an EOC for the class.

ADVANCED ACADEMICS

College Station ISD recognizes the value of student participation in advanced coursework, and our district is committed to providing opportunities for students to enroll in advanced academic courses.

- Advanced courses allow students to pursue areas of academic interest.
- Advanced courses are designed to challenge students beyond grade-level academic courses and prepare them for success in future advanced coursework.

Students who opt to participate in AP or Advanced courses must successfully complete prerequisite coursework and demonstrate mastery on course-related, state-mandated performance assessments prior to enrollment in the course. Students and their families must also complete the CSISD Advanced Placement/Advanced Course Commitment Form.

For more information on advanced academics in CSISD, review the information on advanced courses at this link: <https://tinyurl.com/CSISDadvancedacademics>

HIGH SCHOOL COURSES IN MIDDLE SCHOOL

CSISD offers courses in 7th and 8th grade that count for high school credit. Students who take these courses must meet all required prerequisites. These courses will be reflected on the student’s high school transcript, but only Advanced courses will be included in the high school GPA. Dual language students who successfully complete Spanish II Adv and/or Spanish III Adv will earn the equivalent high school credit for that class as well as the preceding levels of Spanish. Example: a student who tested into and successfully completed Spanish III Adv in middle school will receive high school credit for Spanish I and Spanish II. Beginning in 2021 and as required now in Title 19 of the Texas Administrative Code (TAC), 101.3011, students who have completed STAAR EOC assessments while in middle school must take either the corresponding ACT or the SAT while in high school to fulfill federal testing requirements.

PART III - COURSE DESCRIPTIONS

ENGLISH/LANGUAGE ARTS

7th GRADE ENGLISH LANGUAGE ARTS (1 UNIT)

Seventh grade English Language Arts will integrate the elements of literature, composition and language usage through the writing process and research skills. Using, interpreting, and evaluating the various forms of media and technology (visual aids, film, computers, etc.) will be taught as appropriate. In addition to the state adopted texts, students will read at least one novel as a class. They will engage in self-selected reading on a regular basis.

7th GRADE ADVANCED ENGLISH LANGUAGE ARTS (1 UNIT)

In addition to regular 7th grade English activities, a greater variety of literature, writing assignments, and higher level thinking skills will be implemented in the advanced classes.

8th GRADE ENGLISH LANGUAGE ARTS (1 UNIT)

Eighth grade English Language Arts will focus on literature, composition through the writing process, language usage and research skills. In addition, using, interpreting, and evaluating the various forms of media and technology (visual aids, film, political cartoons, computers, etc.) will be integrated into units of study as appropriate. They will engage in outside (of class) reading on a regular basis.

8th GRADE ADVANCED ENGLISH LANGUAGE ARTS (1 UNIT)

The course description given for 8th grade English Language Arts is true for Advanced Language Arts. However, the units of study will be covered at a faster pace, be more in-depth, will involve more writing assignments, and may require a great deal more outside effort.

ENGLISH SECOND LANGUAGE (ESL) (1 or 2 UNITS)

Students qualify for ESL based on the results of the Oral Language Proficiency Test and a standardized reading exam. Depending on the test results, the Language Proficiency Assessment Committee recommends appropriate ESL placement. The course emphasizes the English Language Proficiency Standards of Reading, Writing, Listening, and Speaking as well as the standard TEKS for middle school English. Parent permission is required for participation in this program.

SCIENCE

7th GRADE SCIENCE (1 UNIT)

The primary content focus of grade 7 science is organisms and environments. Matter and energy; force, motion and energy; and earth and space are also taught but to a lesser degree. Scientific investigation and reasoning are integrated with the content. At least 40% of the instructional time is devoted to laboratory and field investigations.

8th GRADE SCIENCE II (1 UNIT)

The primary content focus of grade 8 science is earth and space science. Matter and energy; force motion, and energy; and organisms and environments are also taught but to a lesser degree. Scientific investigation and reasoning are integrated with the content. At least 40% of the instructional time is devoted to laboratory and field investigations.

MATHEMATICS

7th GRADE MATHEMATICS (1 UNIT)

Seventh grade mathematics covers the Texas Essential Knowledge and Skills as prescribed by the Texas Education Agency. These skills include mastering computational skills, with fractions, decimals, and integers. Students explore proportionality and are introduced to variables, expressions, and simple equations in a concrete manner. Foundations are extended in geometry, measurement, and data interpretation.

7th GRADE ADVANCED MATHEMATICS (1 UNIT)

Prerequisite: 6th Grade Advanced Mathematics.

Advanced mathematics in 7th grade follows from 6th grade advanced mathematics where selected seventh grade Texas Essential Knowledge and Skills (TEKS) have been taught. The remainder of the 7th grade TEKS and all 8th grade TEKS will be taught in this class. The Texas Essential Knowledge and Skills of 7th and 8th grade mathematics will be addressed including variables, expressions and the solving of equations with whole numbers, fractions, decimals, and rational numbers. Proportionality, geometry, measurement and data interpretation are extended to include critical thinking. Students will be expected to participate not only in expository but also exploratory learning. Students need to understand math concepts such as decimals, fractions and integers, and apply appropriate problem-solving strategies prior to entering the course. Students are expected to be mature enough to handle a rigorous and fast paced schedule of class activities which require higher order thinking skills. To enter this course, students must meet district criteria which includes an average of 90 or above for the 1st - 4th six weeks in the 6th grade advanced math course and score at the 80th percentile or higher on the Winter MAP Growth Math Assessment. All students who take 7th grade advanced math will be required to take the 8th grade STAAR Math test.

Please Note: Students who don't receive at least "Approaches" on the Grade 6 Math STAAR will be registered for on-level Grade 7 Math courses even if they meet the criteria above.

8th GRADE MATHEMATICS (1 UNIT)

Eighth grade mathematics covers the Texas Essential Knowledge and Skills as prescribed by the Texas Education Agency. Topics covered include rational numbers, proportion and percent applications, critical applications of displaying and interpreting data, probability, and critical applications of geometry, area and volume while integrating the use of equations.

ALGEBRA I ADVANCED

(1 UNIT – 1.0 high school advanced credit)

Prerequisite: 7th Grade Advanced Mathematics

Algebra I ADV is a high school advanced level course. To enter this course, students must meet district criteria which includes an average of 85 or above for the 1st - 4th six weeks in the 7th grade advanced math course and score at the 80th percentile or higher on the Winter MAP Growth Math Assessment. It adheres to high school Advanced Placement guidelines in the following ways: No retests, six week grades are 75% academic achievement grades, 25% academic practice grades, and semester exams are 20% of the semester grade. Upon successful completion, the students will be awarded an advanced high school credit. This grade will be applied toward your student's high school grade point average (GPA). This course covers the Texas Essential Knowledge and Skills for Algebra I with extensions that require high order thinking skills. This is an academically rigorous, fast-paced course requiring daily preparation and a substantial amount of work outside the classroom. Students take the Algebra I End of Course Exam (EOC).

Please Note: Students who don't receive at least "Approaches" on the Grade 8 STAAR will be registered for the on-level Grade 8 Math courses even if they meet the criteria above.

GEOMETRY ADVANCED

(1 UNIT – 1.0 high school advanced credit)

Prerequisite: Algebra I

This course covers an introduction and basics of plane, solid, spherical, and coordinate geometry. Stress is placed on geometric knowledge of physical space, and deductive and inductive reasoning. Higher level and critical thinking skills addressed by providing opportunities for discovery and more detailed proof writing. Geometry Advanced is a high school advanced level course. It adheres to high school advanced placement guidelines in the following ways: No retests, six week grades are 75% Academic Achievement, 25% Academic Practice, and semester exams are 20% of the semester grade. Upon successful completion, the student will be awarded advanced high school credit. This grade will be applied toward your student's high school grade point average (GPA) This course covers the Texas Essential Knowledge and Skills for Geometry with extensions that require higher order thinking skills. This is an academically rigorous, fast-paced course requiring daily preparation and a substantial amount of work outside the classroom. Students will take the 8th grade STAAR state test.

HISTORY

7th GRADE TEXAS HISTORY (1 UNIT)

This is the study of Texas history from prehistoric times to the present, this course focuses on key individuals, events, and issues. Geographical regions and their impact on changes in Texas will be examined. The structure and function of the Texas government and the responsibilities of good citizenship are studied.

8th GRADE UNITED STATES HISTORY (1 UNIT)

This is a study of the historical development of the United States from the early colonial period through Reconstruction. Political, economic, and social events and issues of this period will be examined. Within this historical context, students will analyze geographic and economic factors that have influenced the development of the United States. Also, they will examine and analyze American beliefs and principles.

BOYS/GIRLS ATHLETICS (1 UNIT)

Prerequisite: Must have physical on file to participate in class.

Enrollment in the athletic period requires participation in a core activity. Core activities for boys include football, basketball, track, or cross country. Core activities for girls include cross country, volleyball, basketball, and track. Tennis and golf are offered before or after school only and do not require participation in the athletic period. Students in athletic periods must maintain state required eligibility at all times. Students not in season will be in the off- season program (weights, conditioning, agility drills, etc.). It is expected that students will try to improve strength, speed, endurance, agility, etc. throughout the school year. Even though students receive credit for P.E., the athletic period differs from regular P.E. in that the workouts are more intense and rigorous and geared toward developing each athlete for future athletic endeavors. A coach's approval is required for entrance into the 8th grade athletics course. ***Students who are academically ineligible or have repeated discipline issues can be removed from the athletics class at the coaches' discretion.***

ELECTIVES

REQUIRED ELECTIVES

PHYSICAL EDUCATION (1/2 UNIT) *

Join in the fun! All students will be provided the opportunity to develop basic motor skills and knowledge of a variety of individual, dual, and team sports. Semester courses may include such activities as: volleyball, basketball, horseshoes, weight training, and tennis. Each student's fitness will be assessed throughout the semester.

*Athletics meets this requirement

7th GRADE HEALTH (1/2 UNIT)

Required for all 7th grade students

Health is designed to provide the students with the knowledge of achieving and maintaining optimum health. An emphasis will be placed on using this knowledge in order to make responsible and healthy life choices. Students will explore a variety of topics as they apply to their own mental, physical, and social needs. These topics include self-esteem, goal setting, peer pressure, body systems, growth and development, nutrition, drug education, safety and first aid. *Health may be taken through CSISD summer school if the course has sufficient enrollment.*

TOUCH SYSTEM DATA ENTRY (TSDATAE)

(1/2 UNIT- .5 high school elective/CTE credit)

Required for all 7th grade students

Focuses on developing keyboarding skills using proper technique with speed and accuracy; emphasizes how to format various documents. Students will use and become familiar with the basic functions of a word processing program. It is designed for a beginning typist. This course is required for all 7th grade students. ½ high school elective credit will be awarded upon completion and passing. Touch System Data Entry may be taken through CSISD summer school or by correspondence via Texas Tech University.

CYBER CITIZENSHIP

(1/2 UNIT – .5 high school elective/CTE credit)

This course will educate students regarding evolving platforms of social media and familiarize them with their use. It will highlight the controversial issues associated with social media, including the laws regarding social media, inappropriate usage, and online harassment. Overall, this course will educate students in maintaining a responsible online digital footprint. Activities in this course include the analysis and application of various forms of social media platforms, a study of laws concerning online aggression and safety, and the use of learned technology that will further engage students in academics.

MUSIC FINE ARTS

BEGINNER BAND (1 UNIT)

The Beginning Band is taught in conjunction with the Concert Band and is designed for students with no experience in music. The students will spend the year developing individual instrument skills and performing in two concerts, the Holiday Concert and End of the Year Concert. Students who progress quickly have the opportunity to move into one of the three performing ensembles during the semester break. All middle school band classes are designed for students in grades 7-8.

CONCERT BAND (1 UNIT)

The Concert Band is designed for students with one or more years of playing experience. Continued development of fundamentals, technique, and musicality are emphasized. In addition, ensemble skills will be developed through the rehearsal and performance of full-band arrangements in a variety of styles. If the Concert Band's progress is quick and steady, they can participate in the UIL Concert and Sight-Reading Evaluation in April. All middle school band classes are designed for students in grades 7-8.

SYMPHONIC BAND (1 UNIT)

Prerequisite: Teacher approval.

The Symphonic Band is designed for students with one or more years of playing experience. Continued development of fundamentals, technique, and musicality are emphasized. In addition, ensemble skills will be developed through the rehearsal and performance of full-band arrangements in a variety of styles. Students will have the option of participating in the auditions for the All-Region band. Symphonic Band members are expected to participate in the College Station I.S.D. Solo and Ensemble contest as well as all Symphonic Band performances throughout the school year. The Symphonic Band will participate in the UIL Concert and Sight-Reading Evaluation in April and participate in an additional contest or festival. All middle school band classes are designed for students in grades 7-8.

WIND ENSEMBLE (1 UNIT)

Prerequisite: Teacher approval.

The Wind Ensemble consists of students with one or more years of playing experience who have achieved an above-average playing level on their instruments and scored well on the audition. Wind Ensemble membership carries increased responsibilities and expectations which could include weekly sectionals and rehearsals before or after school. Emphasis is placed upon the continued development of fundamentals, technique, musicality, and ensemble skills. Students in the Wind Ensemble will be expected to participate in All-Region Band auditions and the College Station I.S.D. Solo and Ensemble Contest. The Wind Ensemble will give several performances throughout the year. Some performances include the Veterans Day Ceremony, winter concert, the Pre-UIL Concert, and the Elementary tour concerts. Additional participation by the band will be the UIL Concert and Sight-Reading Evaluation and at least one other contest or festival. Also, the band will perform for a number of school-related functions such as Veteran's Day, school pep rallies, and various requests by the principal. All middle school band classes are designed for students in grades 7-8.

CHOIR (1 UNIT)

This is a year long, performance-based course, designed for students interested in singing. Students will learn the fundamentals of vocal production, sight-reading, and music theory. Students will also learn choreography, performance techniques, and performance etiquette. Requirements of this course include performing at rehearsals, concerts, and contests which are held both during the school day and after school hours. Girls Honor Choir requires an audition. Recommendations from previous music teacher are also considered when placing students in Choir. Uniform fee required.

ORCHESTRA (1 UNIT)

This is a full year course for violin, viola, cello and bass players who have some knowledge of advanced positions, bowing techniques, sight-reading skills, and music theory. Rehearsals and performances outside of school are considered co-curricular, are required, and affect the students' grades. The school will provide cellos and string basses for school use if possible, but every student is required to own or rent their own instrument and accessories. Students are encouraged to audition for Region Orchestra. Performances require a specific uniform which you will be required to purchase. The upper-level orchestra class is by audition for students who demonstrate advanced skills and are willing to commit to more intense preparation and performance challenges. All middle school orchestra classes are designed for students in grades 7-8.

FINE ARTS

ART I (1/2 UNIT)

Students will study the elements of art and principles of designs emphasizing creative artistic problem solving using a variety of media, the student will incorporate art history, aesthetics and constructive criticism into their artwork.

ART II (1/2 UNIT)

Prerequisites: Art I

This class builds on the knowledge from Art I using a variety of media to incorporate art history, aesthetics and constructive criticism into their artwork with an emphasis on creation and quality of artwork.

THEATER ARTS I (1/2 UNIT)

Theater Arts I is an introductory class designed to familiarize students with the wide variety of creative opportunities available to them in theatre, such as acting and design. This class focuses on creative drama and is designed to help students build self-confidence. Theatrical Methods will encourage students to use voice and movement as effective tools for communication and self-expression. Students can discover ways to control stage fright while performing such things as pantomimes, monologues, and scripted and improvised scenes.

8th GRADE THEATER ARTS II (1/2 UNIT)

Prerequisites: Theater Arts I

This course is designed for students who have taken Theatre Arts I and are interested in advanced theatre activities. In this interactive class, students will explore the roles of the director, actor, and designer. Students will develop their acting skills by working with improvised and scripted scenes. Performing scenes and experience with improvisation will help students add depth to characters. As designers, students will design historical costumes for a given story. Students will have opportunities to perform in front of audiences.

OTHER ELECTIVES

PRINCIPLES OF LAW

(1 UNIT– 1.0 high school elective/CTE credit)

This course is designed for students who have an interest in the Criminal Justice field. This course introduces students to professions in law enforcement, security, corrections, and fire and emergency management services. The course provides students with an overview of the skills necessary for careers in law enforcement, fire service, security, and corrections. Students will also understand the historical and philosophical development of criminal law as well as analyzing the essential elements/classifications of crime.

FUNDAMENTALS OF COMPUTER SCIENCE

(1.0 high school elective/CTE credit)

This course focuses on the production of projects using the latest software as well as Internet programs. The course has four main components: the use of application software, the use of the computer as a problem-solving tool, the impact of technology in society, and the introduction of lifelong skills. The students use hands-on learning to create reports, brochures, newsletters, animations, graphics, multimedia presentations using Internet sites, databases, and spreadsheets with graphs and charts. It also covers the important topics of cyberbullying and cyber ethics. It is a fun, fast-paced, and inclusive classroom setting (all projects are done in class).

PRINCIPLES OF APPLIED ENGINEERING

(1 UNIT– 1.0 high school elective/CTE credit)

Principles of Applied Engineering provides an overview of the various fields of science, technology, engineering, and mathematics and their interrelationships. Students will develop engineering communication skills, which include computer graphics, modeling, and presentations, by using a variety of computer hardware and software applications to complete assignments and projects. Upon completing this course, students will understand the various fields of engineering and will be able to make informed career decisions. Further, students will have worked on a design team to develop a product or system.

PROFESSIONAL COMMUNICATIONS

(1/2 UNIT – .5 high school elective/CTE credit)

Beginning-level course introduces students to principles of effective communication. Students will gain confidence and develop communication skills through a variety of interpersonal communication activities and oral presentations. Course curriculum will also include listening strategies, non-verbal communications, group dynamics and problem-solving, as well as essential elements of effective professional communication.

ADVANCEMENT VIA INDIVIDUAL DETERMINATION (AVID)

(1 UNIT) - Application required

Avid is a nationally recognized program designed to give students who ordinarily would not be in college-preparatory classes the opportunity to take such classes and provides the support necessary for students to succeed in them. The core of the program is the AVID elective class, which focuses on academic instruction, tutorial support, and motivational activities. Students participate in lessons on note-taking skills, study skills, test taking, time management, effective textbook reading, and library research skills. Tutors are provided twice a week during the class period to work with students on their class work. In order to participate in the AVID class students must apply and be approved through an application and interview process.

8th GRADE YEARBOOK

(1 UNIT) - Application required

This course focuses on a student-produced yearbook. Students will learn journalistic skills such as layout design, photography placement, writing, and editing. Students will use cutting edge software while working in a team environment to produce the yearbook. Writing skills and creativity are recommended.

8th GRADE AIDE POSITIONS

(1/2 UNIT)

This semester course develops the student's ability to function in an office environment. It includes fundamentals of general office operation, such as minimal use of office equipment and alphabetical and numerical filing. Professionalism and courtesy in dealing with faculty, staff, students, parents, and the public are stressed. Students who possess traits such as honesty, integrity, trustworthiness, dependability, and punctuality will be chosen for this elective. Only ½ unit can be taken.

FOREIGN LANGUAGE

SPANISH I - 8th grade ONLY

(1 UNIT – 1.0 high school foreign language credit)

Prerequisite: Must be in 8th grade.

This is a full-year, high school credit course, offered to 8th graders only. Introduction to the Spanish language, people, culture, history, and geography with emphasis on the language skills, listening comprehension, speaking, reading, and writing. Due to the rigor of this class, it is recommended that students taking Spanish I typically make A's and B's in core classes.

SPANISH II ADVANCED

(1 UNIT – 1.0 high school advanced credit)

Prerequisite: 90 or higher in Spanish I or completion of Dual Language program

This course is intended to prepare students for Spanish III Adv. Reading, writing, speaking, and listening skills will be highly emphasized. The culture, history, and geography of Spanish speaking countries will be integrated into the curriculum. No re-tests at this level.

SPANISH III – ADVANCED

(1 UNIT – 1.0 high school advanced credit)

Prerequisite: Spanish II Adv., or approval.

Includes advanced grammar and more difficult reading selections. This course provides opportunities to improve speaking and listening skills. Lessons will be taught in Spanish and students are expected to speak in Spanish. No re-tests at this level

SAMPLE TWO YEAR PLANS

Students need to take enough courses to fill a school day for 2 years. The following is an example of typical course selections:

7th Grade

English 7
Math 7
Science 7
TX History
*Health / *Touch System Data Entry
Principles of Law
PE / Art I

8th Grade

English 8
Math 8
Science 8
US History
PE / **Cyber Citizenship
Theater Arts I / Art II
Spanish 1

Students who choose to be in **athletics** and play competitive sports both years have less room for electives. They might have a 2 year plan that looks like this:

7th Grade

English 7
Math 7
Science 7
TX History
Principles of Engineering
*Health / *Touch System Data Entry
Athletics

8th Grade

English 8
Math 8
Science 8
US History
Spanish 1
**Cyber Citizenship / Art I
Athletics

Students can take a Music Fine Arts, Athletics, and another full year elective by taking Health, Touch System Data Entry, and Cyber Citizenship in summer school.

7th Grade *

English 7
Math 7
Science 7
TX History
Band/Orch/or Choir
Athletics
Principles of Law

8th Grade *

English 8
Math 8
Science 8
US Histo
Band/Orch/or Choir
Athletics
Spanish I

* **Health** and **Touch System Data Entry** are available between 6th and 7th grade in summer school.

** **Cyber Citizenship** is available between 7th and 8th grade in summer school

Middle School Registration Form 2022-2023

7th Grade

Name: _____

ID#: _____

*Please place an X in the space next to the courses you wish to take.
You must take a total of 7 units.*

<u>Required Core Courses</u>		<u>UNITS</u>
<input checked="" type="checkbox"/> English 7	1110	1
<input checked="" type="checkbox"/> Math 7	2010	1
<input checked="" type="checkbox"/> Science I	3010	1
<input checked="" type="checkbox"/> Texas History	4010	1
<input checked="" type="checkbox"/> Health	5133	1/2
<input checked="" type="checkbox"/> Touch System Data Entry* 9053		<u>1/2</u>
Total Required Courses.....		5

Placements into Advanced Math and Advanced English will be determined at a later date.

Other Required 7th Grade Courses

Must select one of the following:

Option 1 Athletics Boys 5260 Girls 5240

Athletics - Competitive sport(s) 1

Option 2

PE 5153 1/2

<u>Foreign Language</u>	<u>UNITS</u>
<input type="checkbox"/> Spanish II Adv* or Spanish III Adv* (Requires approval via testing)	1

Fine Arts

<input type="checkbox"/> Orchestra	8310	1

PART IV – ORGANIZATIONS, CLUBS & ACTIVITIES

College Station I.S.D. encourages student participation in extracurricular activities. The following list shows organizations, clubs, and activities in which students may become involved.

UIL – University Interscholastic League

UIL is a series of academic contests designed to extend the basic curriculum taught in the classroom. Subjects include: Maps, Charts & Graphs, Number Sense, Ready Writing, Science I and II, Creative Writing, Spelling, Dictionary Skills, Social Studies, Calculator Applications, Math, Impromptu Speech, Oral Reading, and Chess.

CLUBS/ORGANIZATIONS

Many after-school clubs and organizations are offered at the middle school level. Pay attention to your school announcements to see when and where clubs meet.

National Junior Honor Society

All students who are interested in membership in this national organization should hold themselves to the highest standards throughout their seventh grade year. Students must have an overall average of 93 for the first four six weeks and hand in their paperwork by the designated deadline. Students who meet these requirements will be evaluated by their teachers on the basis of service, leadership, citizenship, and character. Final decisions on membership are made by an NJHS Faculty Council.

REQUIREMENTS FOR NATIONAL JUNIOR HONOR SOCIETY

Membership in the National Junior Honor Society (NJHS) is both an honor and a responsibility. Students selected for membership are expected to demonstrate the qualities of scholarship, service, leadership, citizenship, and character.

To be considered for membership, a student must have a cumulative average of 93.0* through the fourth six weeks grading period of his or her seventh grade year. Eligible candidates must provide relevant information about their service, leadership, and citizenship qualification through the Student Activity Information Forms. Conduct and character will be reviewed by the Faculty Council.

Student Activity Information Forms will be distributed to students interested in becoming a member of NJHS during the spring semester of their 7th grade year. All selected candidates will be notified of the induction ceremony and will be expected to attend.

Chapter meetings will be held monthly as the school calendar permits. Emergency meetings may be called if three days advance notice is given.

**Honor and Pre-AP high school credit courses are eligible for an additional 10 points to the course average. Specific course listing will be noted on the Student Activity Form.*

Student Council

REQUIREMENTS FOR STUDENT COUNCIL (StuCo)

The following eligibility requirements affect students running for Student Council. Students interested in running for StuCo president must be a StuCo member their 7th grade year.

Scholastic Requirements. A student must have an 80 or above after averaging the six weeks grades from all seven classes for the 1st through 4th six weeks (28 different grades) with no individual six weeks grade during the year below 70. Grades received as an aide of any type or in athletics will not be included in the average.

Disciplinary Requirements. A student will be ineligible to run for Student Council if he/she has received a referral to the office during the present school year.

Dance Team

The Dance Team exists to promote sportsmanship, citizenship, school spirit and entertainment, and are first and foremost representatives of their school. Dance team members should exemplify both individual and group behavior suitable to their position and in accordance with the rules as stated in the CSISD Student Code of Conduct.

Members of this group have a fundamental responsibility to play a leadership role in building teamwork and helping the school achieve its goals and objectives. *There are membership requirements for the dance team. See your school's dance team sponsor for a complete list of requirements.

Cheerleading

Cheerleading is designed to support all school organizations and promote school spirit. Cheerleaders will show their talents, skills, and spirit at various school functions including, but not limited to, football games, pep rallies, basketball games, etc.

Cheerleaders should be able to dedicate their time, energy, and effort throughout the cheer season. *There are membership requirements for cheerleading. See your school's cheer sponsor for a complete list of requirements.

REQUIREMENTS FOR EXTRACURRICULAR ACTIVITIES

A student may participate in extracurricular activities by having a passing grade of 70 in ALL subjects and by meeting the other requirements set by local and state policy.

Students receiving a grade of 60 or above in a **high school advanced** class will remain eligible as defined by the Texas Education Code. Specific eligibility dates will be listed on the 2022-23 UIL Academic Eligibility Calendar.

THE ACADEMIES AT COLLEGE VIEW HIGH SCHOOL

CVHS is College Station ISD's home for innovative & specialized programs to serve students in a non-traditional educational setting.

Choose Your Future!

THE CAREER & INDUSTRY ACADEMY

The Career & Industry Academy offers an opportunity for students to gain real work experience, industry certifications, and technical college credit. Students choose one of four programs of study:

- Fire Science
- Facilities Engineering Technology
 - HVAC, Plumbing, Electrical, Construction (Level 1 and Level 2 Certifications, Associate's Degree)
- Hotel & Resort Management (Level 1 Certification)
- Digital Arts and Multimedia Influencer

COLLEGIATE ACADEMY

CSISD partners with Blinn College to allow CVHS to offer 42 hours of college-credit courses. Through a combination of high school and college dual credit coursework, students have the potential to receive the following:

- Up to 42 hours of college credit that is transferable to any Texas public university
- The ability to enter a 4-year university as a second semester sophomore

ACCELERATED ACADEMY

Students in the Accelerated Academy can accelerate their timeline to graduation. Whether they have fallen behind or desire early graduation, students can achieve the following:

- Earn a foundation high school diploma with endorsement (26 credits) through a custom graduation plan
- Participate in Edgenuity computer-based courses and in-person

Success starts here!
